

Have you been thinking that you'd like to do more to help people in your community?

Wondering what to do? How to do it? Where to give of your time? Circles has the answer!
Become a **Circle's Ally**...a **friend** to someone in need...someone right in your area who **needs you!**
You can volunteer...**You can even involve your whole family!!**

The Circles Initiative helps individuals create their own paths out of poverty. Often people living in poverty face overwhelming and discouraging barriers leaving them feeling helpless and alone. The most successful paths out of poverty include a wide social network of relationships between people from all socioeconomic classes. We are focused on long-term change that wraps a circle of support from our community around each participant.

Circles weekly gatherings bring the community together to enjoy dinner, learning and development, future planning, and friendship. All participants in the Circles community get to know and inspire each other in an atmosphere of positive support.
