      - i. Map and description Parents and students will be encouraged to use the routes as outlined on the map. If a parent feels their child should use a school access route that is not identified in the plan, it is a parent's prerogative.
      - ii. Past and new issues: The developer of the neighborhood east of the school has agreed to put in a sidewalk through to the back of the school with a gate that will be unlocked during school hours when the field directly behind the school is developed. Mrs. Valerio will email Kathy Carling at the district to see if there are any updates. The intersections at Salem Canal and 100 E. and 850 S. and 100 E. are increasing in traffic, and will increase more as the bridge to Elk Ridge is replaced. Having the sidewalk from this neighborhood will eliminate the need for crosswalks in these areas.

  5. School Needs and Concerns
    - a. Parent Feedback A specialty teacher will need to be hired to replace Mrs. Burraston in computers. Options would be to hire a new computer teacher or to replace computers with music if someone could be hired. Council members would prefer music over computers as

students get computer experience in their regular classrooms. Music will be a priority, but may not be feasible depending on applicants for hire.

Motion to adjourn: Missy Beutler

Second: McKell Merkley
